652 Southwestern Blvd. | P.O. Box 506 | Coppell, TX 75019

Pre-Punched Lazer Cut Sheets

Alliance Processed Lazer Cut Sheets are suitable for high speed copiers, laser printers, inkjet printers, and offset processes. File hole sheets are punched for smooth running and guaranteed top laser performance. Each standard file hole punch measured 5/16" in diameter. Each ream is sealed, moisture and static proof, retail ready with UPC bar codes. Quality and satisfaction are guaranteed.
